***Allowable Subject Matter***

Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not show nor provide a reason why one would have a range in irregularities in a top surface of an SiO<sub>2</sub> film above a portion where the interdigital electrode fingers of a piezoelectric are provided and between where interdigital electrode films are provided are approximately 30% or less than the film thickness of the interdigital electrodes, and a ratio of the electrode film to the density of the insulating film is less than or equal to about 1.5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
